With all of the crazy skincare ingredients being pumped out by the second (cc: [snail mucin](#), [rice water](#), etc.), very few additives get me as excited as sea buckthorn oil. Not only is the name of this skin-clarifying product oddly adorable, but it's also extremely beneficial for my fellow complexion-obsessed pals. Though I've been slathering this all-natural oil on my complexion for quite some time, I've never had a full grasp on what *exactly* sea buckthorn is. So, I went to the experts to find out.

O'o Hawaii

Golden Nectar Brightening+Firming Ferulic Serum

\$98.00

This heavy-hitter serum has everything you need, all in one little bottle: sea buckthorn oil, antioxidant-rich [vitamin C](#), and ferulic acid.
